

For 10' length, deduct 24" from length at rear. For flat floor, deduct 6" from Inside Height and Door Opening Height.

NEW!

AEROCELL CW

BUILT FOR THE STREETS CITY WIDE

Introducing the all new **Aerocell CW** Fiberglass van body. Featuring capacities of up to 500 cubic feet, the **Aerocell CW** can handle heavy loads – up to 3,700 pounds – yet its cab-width size is slim enough for **tight city streets** and narrow driveways.

It's fuel-efficient!

With its aerodynamic shape, **Aerocell CW** will help save you time and money at the pump.

INTELLIGENT TRUCK SOLUTIONS

AEROCELL CW

BUILT FOR THE STREETS CITY WIDE

STANDARD EQUIPMENT

- **One piece molded Unicell** exterior shell is tough, seamless, and doesn't corrode
- **Aerodynamic air deflector** is built-in with ample storage space over the cab
- **White gelcoat finish** is tougher than paint, yet smooth and glossy for high profile company advertising space
- **Side skirts** integrate with cab for finished automotive styling
- **Exterior rub rail** is corrosion-resistant anodized aluminum for a clean, attractive line
- **Translucent skylight** lets in bright, natural interior illumination
- **White LED interior light** is extra bright with less battery drain
- **Rear roll-up door** is clad in aluminum for added weather resistance and good looks
- **Rear step bumper** is an extra deep 11-3/4" galvanized steel with superior surface traction
- **Dense pine floor** has long-lasting glossy urethane finish and undercoated sub-structure
- **Wheelboxes** over rear tires for lowest possible floor height
- **Wood slats** line the walls for versatile cargo control full length of each side
- **Solid bulkhead** front wall protects driver and passenger from shifting cargo
- **Mud flaps** at rear wheels meet Federal requirements for splash control
